RE: DEP APPLICATION #L-24251-TG-C-N, OLD TOWN

Dear Mr. Meagher:

Your client's application for a Natural Resources Protection Act permit was received by the Department of Environmental Protection and found to be acceptable for processing on July 31, 2015. Acceptance of the application does not preclude the Department from requesting additional information during processing. Your client's application has been given the above reference number.

The project will now be examined to determine whether a license can be issued. The statutory deadline for the Department to reach a final decision on your application is December 8, 2015; however, we will do our best to process the application and issue a decision as soon as possible. No construction activities at this project site may be started prior to receiving a final decision from the Department.

Please feel free to contact me at (207) 446-1733 or via email at lynn.a.caron@maine.gov if you have any questions regarding this project.

Sincerely yours,

Lynn Caron, Project Manager
Division of Land Resource Regulation
Bureau of Land & Water Quality
