RE: Public Comments – Juniper Ridge Landfill Amendment Application

On behalf of the Town of Sherman, the Municipal Officers and Manager would like to encourage the DEP to approve the license application for Fiberight's Coastal Resources of Maine Hampden Processing Facility.

The Town of Sherman is a member of the Municipal Review Committee and has been for many years. It is our opinion that the MRC has represented our community very well and we have the utmost confidence in their ability to continue to do so. There are 115 municipalities relying on this nonprofit organization to continue their long-standing commitment to representing us in providing for affordable and sound environmental disposal of MSW in the long-term.

The Municipal Officers representing the Town of Sherman respectfully request that the Department approve the amendment application in a timely manner.

Thank you for your consideration of our request.
